2Pop

This is a fast-paced typing game which allows users to select the pace at which bubbles appear and the game duration.
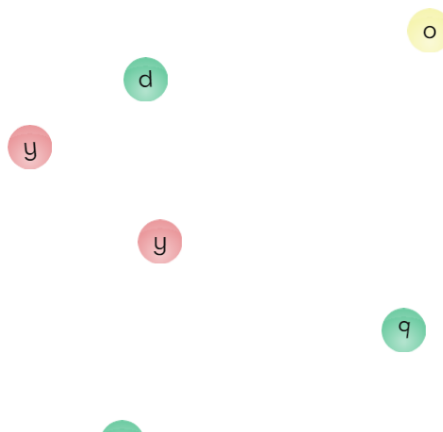

The faster the letters are popped then the higher the score.

Falling Letters

Falling letters is a game where the children have to type in letters, characters and numbers as they fall from the screen. Just like 2Pop, the game duration and the speed of falling letters can be changed.

Clear the screen too slowly and it is game over.
