

Computing Scheme of Work - EYFS

Expressive Arts and Design

ELG: Creating with Materials

Expressive Arts and Design

Early Learning

Goal:

Creating with Materials

Children at the expected level of development will:

Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.

Share their creations, explaining the process they have used.

Make use of props and materials when role playing characters in narratives and stories.

Resources

[2Design and Make](#)

(Purple Mash)

Lesson ideas

Let the children explore and create 3D models.

Lesson ideas: -

- Give the children the opportunity to explore using 2DAM, seeing their 3D model on screen before they create their own ideas.
- What happens when the children move the hot spots (grey circles) on the models?
- How far can they drag the hot spots to change the shape of the model they are creating?
- Create a class train, let the children design and create their own carriage for the train.
The train could be used to carry lots of imaginary characters around the classroom.
- What colour will the carriage be?
- What shape will the carriage be?
- Who will their carriage be for i.e. a tall carriage might have all the giants from the stories inside!
- Can you build a house for a Gruffalo? What size of a house would he need? what would it look like?

Spinner

Swirly

- Make a pattern using thick and thin lines, change the size of your pen.
- Make a pattern using small spots, use lots of different colours.
- Make a pattern using large spots how is it different to the small spots pattern?
- What kind of patterns can the children see around them in the classroom and outside?

Spinner

- Use the spinning tool to create patterns using and mixing different colours.
- What happens when you make the plate spin fast?
- What happens when you add the paint to a slow spinning plate?
- What happens when you change the thickness of the paint brush and make it thicker and thinner?
- Can you make a pattern using warm colours?
- Can you make a pattern using cold colours?
- Print out the patterns the children create and use them to create the body of a long hungry caterpillar winding its way around the classroom walls.

Swirly

- Create pattern with circles. Change the size of the circles.
- Can you make a pattern using only one colour but find different shades of the colour to create the pattern with?
- Can you draw a picture made out of circles? Can you draw a face? A flower garden?
- What can you create?
- Can you see anything around you with swirly patterns?
- Look for patterns around you and outside which have circles in them.
- Paint water patterns outside with big swirly patterns in them.
- Make painting patterns with swirly patterns in them.

	<ul style="list-style-type: none"> • Can you use rope or string to make big swirly circles like the ones you have made in your patterns? <p>Children could save and import their pictures into a 2Create A Story as a way to display their creations. They could then record themselves talking about their picture, explaining the processes they have used.</p>
<p>Paint Projects (Mini Mash & Purple Mash)</p> <p>Mini Mash Paint Project categories:</p> <ul style="list-style-type: none"> Animals Size & Shape Transport Food & Drink Nature People Celebrations Clothes Fantasy & Fairy Tales At Home 	<p>Lesson ideas: -</p> <p>Use the various paint brushes in the paint projects to paint with textures.</p> <ul style="list-style-type: none"> - Create lunch, paint the beans onto the jacket potato. - Choose textured pens to create the gingerbread man. - Add sweets to the gingerbread house. - Create and design your birthday cake. - Create a garden scene. - Make a bubbly milkshake. - Create your own robot. <ul style="list-style-type: none"> • Talk to the children about the different textured pens they have chosen. • Which do they like the most? • Think about what some of the textures would really feel like to paint with. • Could you paint with baked beans? • Could you paint with sweets? • What would happen if you painted with milkshake? • Collect some object with different textures, what do they feel like? • Can you find things around you which are soft, rough, smooth, sticky, fluffy, gritty, etc.
<p>2Beat (Mini Mash & Purple Mash)</p>	<p>Lesson ideas: -</p> <p>Use 2Beat to explore making different sounds with different instruments. Try the different instruments, what do they sound like?</p>

- Listen to the different instruments and make a choice of what you are going to use.
- Create your tune by clicking on the boxes next to the instruments you have chosen.
- Play back what you have created so far.
- Try changing the tune by changing the number of boxes you select.
- Change the instruments.
- Play the tune fast play it slow. Which do you prefer?
- Make the tune longer by adding more beats.
- Can you make a tune which sounds like people running fast?
- Can you make a happy, playful tune?
- Can you make a sad slow tune?
- Play your tunes for your friends, what do they think?

2Explore

(Mini Mash & Purple Mash)

Use 2 Explore to listen to all the different instruments, drums, chimes, bells etc.

Lesson ideas: -

- Let the children explore all the different sounds in 2Beat.
- Ask the children to record the sounds that they have chosen.
- What does their selection of instruments sound like when they play the back?
- Which selection of instruments do the children prefer?
- Can they make their tune go faster or slow it down?
- Can they loop the recorded tune to make it play continuously?
- Can you dance to the tune you have made?
- What kind of a dance can you do to your tune?
- Let the children use 2Explore on the interactive whiteboard and explore making music and sounds in small groups. Save what the children have created onto a display board and let them play each other's creations.
